

Metadata for Lead Poisoning Annual Children Under 6

Identification Information

Lead Poisoning Annual Children Under 6		
Origin	Status	Update
EPHT Program Manager	Complete	Annually
Published Date: 20180327	Begin Date: 20000101	End Date: 20161231
Abstract		
<p>This data set contains data and measures of blood lead testing results for Children under six years of age tested by year. These measures use data collected by state and local childhood lead poisoning prevention programs.</p>		
Purpose		
<p>This data set is intended to calculate the number of elevated childhood blood lead levels by year for use on the Iowa Public Health Tracking Portal, consistent with the guidance for creating Nationally Consistent Data and Measures (NCDMs).</p>		
Supplementary Information		
<p>Annual Testing measures are based on all blood lead test results among children in Iowa under 6 years of age. This dataset reflects updates to the NCDMs to classify children with blood lead levels between 5 and less than 10 mcg/dL. This dataset contains confidential information. Small numbers suppression has been applied to data available on the public portal.</p>

Access Constraints

Unsuppressed aggregate measures are available on the Secure Portal; an application for secure portal access is available at <https://pht.idph.state.ia.us/Help/Pages/Secure-Access.aspx>.

Use Constraints

Use of this data is restricted for statistical reporting and analysis only. Do not attempt to learn the identity of any person included in the data, and do not combine this data with other data for the purpose of matching records to identify individuals. Do not disclose or make use of the identity of any person or establishment discovered inadvertently and report the discovery to the Iowa Department of Public Health through the contact information provided below. These data cannot be used for commercial purposes. Do not imply or state, either in written or oral form, that interpretations based on the data are those of the original data sources, the Iowa Department of Public Health, or the Centers for Disease Control and Prevention unless the data user and data sources are formally collaborating and have received written permission to do so. Acknowledge, in all reports or presentations based on these data, the original source of the data, the Iowa Department of Public Health and the Centers for Disease Control and Prevention

Additional Information

Data

These data include the results of all blood lead testing conducted on residents of Iowa.

Lineage

Latest year of data imported from source files and appended to previous years data.

Date: 20170701

Data Overview

These data include records of resident Iowa children less than 72 months old tested for blood lead levels.
